

PHILLIP ALLEN HEFNER SELLING POINTS & PRODUCT INFO

- Solid bronze chain with a copper bath to create a stronger bond with the 24K, polished or antique sterling, or gunmetal plating.
- Post on ears are titanium
- Locks are Authentic Louis Vuitton locks (you can post that on instagram - just don't say or imply made by Louis Vuitton.)
- The LV brass lock has a 3 digit number on the bottom to indicate the collection it went with. Each season the LV collection would have the same number on the locks.
- If you receive an LV brass lock with a circle around the LV that was manufactured before 1940 when the circle dropped in a logo change.
- The canvas lock styles are made from repurposed vintage handbags or garment bags. Phillip always centers the icon or logos on each style.
- The coins are real and not production. Phillip drill sets the coin, then wire wraps, they are never glued.
- Each coin comes with a tutorial card explaining the type and history of the coin.
- If you see a double strand with a toggle. You can undo the toggle. Then the bar will be at the back of the neck and one can wear it as a long necklace.
